TUCK'S POST CARD

CARTE POSTALE. POSTKARTE.

By Appointment.

Blarney Castle, of which little now remains but the square donjon tower 120 feet high and a less substantial and lower ruin, was erected during the fifteenth century and was a stronghold of the McCarthys. The celebrated Blarney Stone, which is popularly supposed to impart persuasive powers to whoever shall kiss it, is found at the top of the tower in a somewhat awkward position below the parapet.
